CUT HIS WIFE'S THEOAT AND HIS OWN. -A terrible tragedy occurred at the farm of Abraham Cooley, near Richmond, Mich., yesterday. Cooley was a wearthy man, about sixty years of age; his wife was about fifty. They had been married only a year, and she was his second wife. As far as the neighborn seem to know, they had lived peaceably, and no reasonable theory, other than that Cooley had become suddenly lusaue, can be given for his crime.

MONETARY AND COMMERCIAL.

FEW YORK, Mar. 30 .- The stock market was active for the first half hour this morning, especially for the half dozen leading stocks, but this was apparently only the finishing up of yesterday's bear raid. With the completion of this business dullness again became the leading characteristic of the market. First prices showed the influence of yesterday's pressure and were generally from 1/8 to 1/2 per cent. lower than those of last evening, but there was a general improvement from the first sales, though the advances were confined to small fractions as a rule. At 11 o'clock the market was unsettled and fairly active

in most cases at a shade better than first prices.
